

Porterhouse Medical: Events team

Barbara • Senior Events Coordinator

I'm happy to have the opportunity to express some of the positive things I have so far experienced in working at Porterhouse. What I like about working in the events team at Porterhouse is that the work is really dynamic and although organising international meetings is definitely challenging, it is also a great opportunity to think outside the box and use creativity in overcoming the challenges that arise throughout the process. The most rewarding situations are the ones where we all work as a team, which adds a great value for everyone working here as well as for our clients. It is great to work in such a positive environment where everyone is appreciated and given the opportunity to gain knowledge and experiences in the industry.

Have a great Medcomms Day everyone!
